Student's special needs (allergies, asthma, diabetes, epilepsy)
Any student who has ASTHMA, DIABETES, EPILEPSY OR ALLERGIES must carry their own medication.
Parent/Guardian Name: Phone:
Parent/Guardian Signature:

Excursions are held to broaden your child's learning experiences and often form a mandatory component of the course your child is studying. Please return the permission note and monies as quickly as possible in order for the necessary bookings to be confirmed and arrangements completed. As cancellation fees are now being charged by many organisations or service providers, your prompt response will ensure that this excursion will go ahead as planned.

As parent / guardian I understand that the YMCA NSW and its instructors will take reasonable care for the welfare and safety of those attending the camp but are not responsible for any accident or sickness otherwise occurring. I acknowledge that going on camp may involve my child / ward's participation in activities of a hazardous nature, though the YMCA NSW and its instructors will take reasonable care to minimise risk to participants.

I have detailed herein and on any attached pages any disabilities or susceptibilities affecting my child / ward, that may place him / her at greater than normal risk. I authorise the YMCA NSW and its instructors to obtain medical assistance and ambulance transportation in the event of illness or injury as they think necessary and authorise qualified medical practitioners to administer anaesthetic, blood transfusions or any other procedures deemed necessary. I also agree to pay all the cost of any

•	ssistance and ambulance transportation. I acknowledge espect of any accidents or sickness at the camp. Should associated costs.	
I consent to my child/ward attending camp on the	nis understanding.

CRONULLA HIGH SCHOOL

YEAR 7 CAMP 2022 - PARENT INFORMATION

Dear Parent / Guardian

Your son/daughter will be participating in an excursion to YMCA Camp Yarramundi near Richmond from Wednesday 9 February to Friday 11 February 2022 (pending public health orders and restrictions).

The camp has been planned to allow Year 7 students to build relationships with other students in the year and is also a constructive team building opportunity. It has been planned at this time of year to help with their transition into high school. The cost of the activity is \$310.00. A deposit of \$50.00 must be paid by Tuesday 23 November 2021 with the balance paid no later than Tuesday I February 2022.

The students will be supervised on the excursion by twelve teachers including the Year Advisor, Mr McGrath.

The bus will be leaving school at 9.00 am on Wednesday 09 February. All students should be at school no later than 8.45am. The bus will return to school by 3.00 pm Friday II February, for students to connect with school buses if required.

The Camp Guidelines & Gear List and Adventure Activity List provide information on the camp's varied program and gear/clothing requirements. The attached Medical & Consent Form must be returned with this permission note to the front office no later than **Tuesday 23 November 2021.**

All staff members attending the excursion will have Emergency Care qualifications.

One or more staff members attending the excursion will have CPR qualifications if required ie water activities.

Any student who has **ASTHMA**, **DIABETES**, **EPILEPSY OR ALLERGIES** must carry their own medication.

Please complete and return the attached green permission note together with the YMCA Medical & Consent form on or before Tuesday 23 November 2021.

Yours sincerely

Tony Ibrahim

- Pyjamas
- Swimmers (appropriate for season)
- Garbage Bag for Wet / Dirty Clothes
- Souvenir money and coins for vending drink machines (optional)

NB: Please nametag all items and please ensure all medication is labelled clearly and passed onto the organising teacher

Camp Yarramundi and Deeimba offer a wide range of exciting activities. Activities are run by our qualified instructors and incorporate varying degrees of facilitation to deliver program outcomes such as confidence and team building, leadership and communication, initiative and critical thinking.

• Abseiling: A 10 metre high abseil tower for personal challenge and achievement, building self esteem and trust. Natural face abseils can be arranged for

expedition programs.

Alpine Rescue:
 A ground level obstacle course with a series of challenges and scenarios promoting teamwork, trust, leadership and communication.

Requires full group cooperation, no room for individuals here!

• Archery: We teach the basic skills and techniques for shooting on the range.

• Artificial Cave Maze:

An amazing teamwork and bonding activity for all ages—including primary schools. Campers move through a series of obstacles in an artificial caving

system, and degree of difficulty can be varied according to age.

Bushcraft; This program can include shelter building, cooking out, learning how to build a fire and teaching basic bush survival skills.

• Camp Out: This is an offsite camp out experience. Groups discover how to survive in the bush and are required to cook their own food. Trangia cooking stoves

are supplied.

• Kayaking: Our kayaking program is conducted on the beautiful, meandering Grose River. We teach the basic strokes and techniques and paddle downstream.

Quiet & unspoilt by powerboat traffic this is the ideal activity for environmental awareness and appreciation, while being great fun.

• Flying Fox: Feel the thrill as you step off a 10m high wall and fly 100m through the surrounding bush. The Flying Fox provides an exiting personal

challenge along with building on self confidence and a sense of achievement.

• Giant Swing:

This is a 20 metre high harnessed swing. "Challenge by choice" is the key here with the swinger in control of the release. A great team building activity as the rest of the group is required to "haul" the swinger to the top. A definite "WOW" factor that challenges swingers to face their fears.

• GPS Orienteering: Combining new technology with old school navigation skills to find your way to different check points. Participants work in teams, communicating,

problem solving and having fun during this activity.

• High Ropes Course: Our challenge ropes course requires participants to make their way around an aerial obstacle course. Climbers are harnessed and work in pairs to

manoeuvre around the course. Overcoming fears and stepping outside the comfort zone are all important.

• Initiatives: Problem solving, creative thinking, teamwork and communication are the keys to these activities. Although less physical than some of the other

activities, this is an important activity for establishing cohesive teams.

• Low Ropes; Our low ropes course is a series of challenges, ropes and obstacles, conducted just a foot or two off the ground. Great for building

confidence, trust and teamwork.

Orienteering:

Teaches participants how to orientate and read the map but also promotes communication, team building and

problem solving. Learn basic map reading skills as you navigate around camp. Great activity for groups up to year 8.

• Rock Climbing: Onsite we have a 10 metre artificial wall with climbs to suit all ages and levels. Goal setting, team work and trust

are the focus with the teams of belayers protecting and encouraging the climber.

• Night Activities*: These programs can include a disco, talent quest, games night, trivia quiz or campfire. A guest speaker can be

arranged for special interests at an extra cost, including aboriginal culture, a reptile presentation (with actual reptiles)

and so on.

• Sports*: Cricket, soccer, football, basketball, volleyball equipment all available for use.

• Swimming*: Swimming pool.

• Multi Group Challenge: This activity requires the group to work together, communicate and problem solve. Each obstacle must be completed

before moving onto the next challenge.

• Vertical Challenge: Designed to challenge pairs of climbers both physically and mentally, this activity has you climbing up to 15m in the

air. It is a team belay activity that focuses on communication and encouraging others.

All activities NOT marked with an * must be run by qualified camp instructors. Guests wishing to use the pool without YMCA instructor supervision must provide evidence of a current First Aid & CPR qualification.
