

CAREERS CORNER - ISSUE

DATE: 11/05/21

CAREER ADVISERS MESSAGE

Loads of advice and opportunities to explore.

Advice for Choosing HSC Courses from NSW Education Standards Authority

Your aim is to attain the best HSC result you can. So, you should choose courses that you are good at, interested in and may use in the future. When considering which courses to study, explore the content of a course. For example, what are the course outcomes? Will you be required to submit a major work, or perform, as part of your exams? Talk with your teachers about your strengths and weaknesses, as well as individual course requirements, before making your selections.

<http://educationstandards.nsw.edu.au/wps/portal/nesa/11-12/hsc/subject-selection>

Applications are open

Applications for study in 2022 and semester 2, 2021 are now open. You can apply for undergraduate study as well as Schools Recommendation Schemes, Educational Access Schemes and Equity Scholarships.

[Applying for uni](#)

Access and scholarship programs

Educational Access Schemes (EAS)

Institutions acknowledge that difficult circumstances can prevent students from reaching their true academic potential, particularly if their educational performance has been affected by long-term disadvantage. [Educational Access Schemes \(EAS\)](#) can help.

Equity Scholarships

[Equity Scholarships \(ES\)](#) help financially disadvantaged students with the costs associated with tertiary study. Details of requirements for individual scholarships can be found on the [institution websites](#).

Schools Recommendation Schemes (SRS)

[Schools Recommendation Schemes \(SRS\)](#) are one way institutions make early offers of undergraduate admission to Year 12 students. They do this by using criteria other than (or in

UNIVERSITIES
ADMISSIONS
CENTRE

addition to) the ATAR. You must apply through UAC for undergraduate admission in 2021–22 to be eligible for SRS.

[Scholarships and schemes](#)

Special entry requirements

Certain undergraduate courses such as medicine, dentistry, health science and law degree programs require applicants to sit an admissions test for entry.

Check the course descriptions on the [undergraduate course search](#) to find out if the course you're interested in has any special entry requirements.

Medicine, medical sciences and dentistry

Some institutions will require you to sit the [University Clinical Aptitude Test \(UCAT\)](#).

Law

For students interested in studying law at UNSW in 2022, the Law Admission Test (LAT) will be held on Thursday 30 September 2021. [Visit UNSW's website](#) for further information.

[Special entry requirements](#)

Course Compass

If you need help deciding which uni course to apply for, Course Compass will help. You can answer a few quick questions about your HSC subjects and Course Compass will display the fields of study offered to recent applicants just like you.

[Course Compass](#)

UAC Digital

UAC Digital is a new online platform established by UAC's Community Engagement team. Throughout the year, they'll present a range of free webinars for students, careers advisers, parents and anyone navigating their path to higher education.

These will include live briefings and Q&A sessions on the application process, panel discussions with experts on moderation and scaling, and introductions to universities in NSW and the ACT. There will also be a series of sessions for students focused on popular fields of study like medicine, teaching and engineering.

[More about UAC Digital](#)

Open days 2021

Uni open days are a great way for you to get a feel for a campus, explore the student facilities and talk to current students and staff.

[Open day dates](#)

Unique Student Identifier (USI)

From 2021, students starting higher education will need to have USI to get Commonwealth financial assistance (HECS-HELP). Their USI will be their personal education identifier and stays with them for life. Year 12 students will need to apply for their USI before they commence university.

[More about USI](#)

Connect with us

Want a quick answer to a question? Connect with us on [Facebook](#) or [Instagram](#), but remember that we need to protect your privacy so we can't discuss specific details about your application online. **Have a more detailed query?** Contact us by calling (+ 61 2) 9752 0200 or send an email via our [web enquiry form](#).

Let's Chat webinars

Registrations are now open for our Let's Chat series of webinars on courses and careers in medicine, business and economics, communication and much more.

During each webinar, university professors, lecturers and student ambassadors will give prospective students an insight into their chosen area of study.

All dates and registration links are available from the UAC website: uac.edu.au/schools/uac-digital.

University Clinical Aptitude Test (UCAT) registrations close soon

17 May

If you're applying for an undergraduate medical or health-related degree, you may need to sit the **University Clinical Aptitude Test (UCAT)**. The deadline to register for UCAT is 11.59pm on **Monday 17 May 2021**. UCAT will be held in various locations across Australia in July. Check the course description of the course you're interested in studying in 2022 and register as soon as possible: [UAC undergraduate course search](#).

And if you missed UAC Digital's recent **Let's Chat – Medicine webinar**, you can watch it on YouTube. Get information about additional selection criteria and pathways to medicine, and answers to FAQs.

Remember, entry into undergraduate medicine degrees is highly competitive so don't miss out!

UNIVERSITY INFORMATION

Why ANU?

Humanities, arts and social sciences is diverse, touching on every aspect of daily life, and includes politics, international relations and history, to development, creative arts and languages, to name just a few. The single biggest degree you can do in these fields is the ANU Bachelor of Arts, where you can major in over 50 different areas.

Resources and Guides

If you would like to view the undergraduate options, please feel free to download the ANU Humanities and Social Sciences [Undergraduate guide](#) or [Languages guide](#). Not sure, what your studies can lead to? Check out the Career Wheel to consider your options: <https://cass.anu.edu.au/study/careers>

Apply now

Applications to study in 2022 are now open until 24 May for domestic students – you can apply directly to ANU or via UAC: <https://www.anu.edu.au/study/apply/domestic-applications-anu-undergraduate>

ANU The Kim Jackson Scholarship Female Undergraduate Engineering

13 June

The Kim Jackson Scholarship is a new scholarship at ANU. It supports a promising female engineering student to pursue her passion for technology/engineering through an undergraduate degree at the ANU College of Engineering & Computer Science.

This exciting opportunity is valued at \$20,000 per annum for each year of an ANU undergraduate engineering degree. The recipient must come from a non-metropolitan area to apply for this scholarship.

https://cecs.anu.edu.au/study/scholarships/kim-jackson-scholarship?utm_source=Refraction+Media&utm_campaign=bc88607149-EMAIL_CAMPAIGN_2018_04_04_COPY_01&utm_medium=email&utm_term=0_20dc88b9ea-bc88607149-148898187&mc_cid=bc88607149&mc_eid=5a58dfdde9

ANU Girls in Engineering

9 September 2021

The Girls in Engineering and Technology Program (GET Set) is designed for female identifying students in years 7-10, who wish to explore an education and career in engineering or technology. This free, digital, fun-filled afternoon of non-competitive activities will have students designing, coding, testing and more.

Delivery

This event will run between 12pm-3pm via Zoom.

Teacher participation is required at all times.

Expressions of interest

We are currently taking expressions of interest from schools.

Requirements for participating include:

- a minimum of 10 students attending
- access to a classroom or flexible learning space
- access to a computer lab or laptops (internet and web browser required), and
- access video conferencing equipment (to participate in group conversations with other schools).

Preference will be given to schools located in regional, remote or rural areas. For more information please contact marketing.cecs@anu.edu.au

<https://cs.anu.edu.au/events/girls-engineering-and-technology-program-get-set>

University of Canberra Bachelor of Primary Education Entry Questionnaire

Additional Admission Requirements

The four-year Bachelor of Primary Education is a rigorous course which will prepare you to teach national literacy and numeracy at a primary school level, from Kindergarten to Year 6. You'll develop a sound understanding of the educational theories and teaching skills required in today's classrooms, largely by regularly observing them in a primary school environment and putting your

	<p>academic learnings into practice during one of the many teaching placement opportunities you'll undertake.</p> <p>All applicants will be required to complete a written statement in response to questions designed to assess their suitability for the teaching profession. Applicants' responses to these questions must be deemed satisfactory for them to be admitted to this course. You can find the questions in the 'resources' section of the online application portal when you are applying. You can upload your responses in PDF format as part of your application.</p> <p>https://www.canberra.edu.au/about-uc/faculties/education/docs/UG-Teacher-Education-questionnaire.pdf</p>
	<p>Charles Sturt Advantage early offer program</p> <p>Join us at the info session on Tuesday 18 May 6.45pm.</p> <p>The Charles Sturt Advantage early offer program is back and better than ever!</p> <p>Join us for an info session to find out all there is to know about this year's program. Learn about the application process, courses that you can apply for, key dates and tips on writing a good application.</p> <p>If you're a Year 12 student, parent or career adviser, this one is for you!</p> <p>https://charlessturt.zoom.us/webinar/register/WN_43BSDqkQQIa0CAbxyi6NVA</p>
	<p>CQUniversity's Principal's Recommendation Scheme Alternate Entry Pathway</p> <p>Now open and will close 1 December 2021.</p> <p>Once you have completed and submitted your application, we will review your application, Principal's recommendation, and any other supporting information if your course has additional requirements, and our admissions team will contact you within 48 hours. Provided you meet the eligibility requirements and your application is complete you will be provided with your offer from CQUniversity along with all the information you need to enrol.</p> <p>At CQUniversity, we believe senior schooling results are an important factor leading to student success. We also recognise that other factors and attributes such as motivation, talent, and passion have a key role to play as well.</p> <p>Our Principal's Recommendation Scheme is an early offer scheme that allows Year 12 students to apply to an undergraduate CQUniversity course based on the recommendation of their high school Principal rather than ATAR. Open to all Year 12 students, the Scheme is designed to assist capable students to access entry to CQUniversity, it in no way provides relaxation of the quality and academic standards that students must meet to successfully complete their degree.</p> <p>Most of CQUniversity's undergraduate courses are included in the Scheme and there's no need to wait for your Year 12 results to be released or to receive an ATAR to submit your application. So, if you are in Year 12 and thinking of university study, our Principal's Recommendation Scheme allows you to receive an unconditional offer for a CQUniversity course within 48 hours of submitting your application.</p> <p>https://www.cqu.edu.au/courses/future-students/future-study-options/high-school-to-uni-and-tafe/principals-recommendation-scheme</p> <p>VIRTUAL SUBJECT SELECTION</p> <div data-bbox="336 1693 456 1834">  </div> <p>We're going virtual this year! Students are encouraged to join us online to find out more about choosing senior subjects, exploring career pathways, pre-requisites and getting a head start on their career.</p> <p>CQUni Virtual Subject Selection</p> <hr/> <p>Event Date: Tuesday, 1 June</p> <hr/> <p>Event Time: 3 - 6 pm AEST</p> <hr/> <p>Location: Online</p> <hr/>

PARENT AND YEAR 12 WEBINAR

UTS: BUSINESS

BACHELOR OF ACCOUNTING CO-OP SCHOLARSHIP (BAcc)

The University of Technology Sydney runs Australia's most successful co-op course – the Bachelor of Accounting (BAcc). Just look at the list of employers who are actively involved with this program:

Allianz Australia	Ernst & Young	Perpetual
American Express	Foxtel	PwC
AMP Capital	GPT Group	QBE
Brookfield	GrainCorp	SMA Australia
Coca-Cola Amatil	Ingham's	Stockland
Commonwealth Bank	KPMG	THE ICONIC
Cuscal	Lendlease	UTS Finance
Dexus Property Group	Macquarie Group	Westpac Group

These employers together contribute more than \$3 million annually to this one course alone. The reason? Demand for graduates of the course, who are seen as something special, is very high and will continue to be so for many years due to critical skills shortages in business. This is despite tough economic conditions.

The UTS Bachelor of Accounting has the aim of producing potential business leaders of the future via an accounting career.

The main benefits to students who are selected into the Bachelor of Accounting are a tax-free scholarship valued at \$54,000, a year of full-time work training, and great career prospects with the major employers who support the course. No BAcc graduate has ever missed out on a job, and these job offers are generally made by April of the students' third and final year of study. That might be only 3 years away from where you are now.

Other key benefits of this program, that set it apart from cadetships or other co-op courses, are that it takes only 3 years to complete and that students in the course study, work and play together as a close group of friends throughout that time.

What sort of students are we looking for? All-rounders, achievers and leaders in various activities. Plus you'd need to be interested in a career in business. A high ATAR is not essential, but it will help. Each year we take in students with ATARs in the range 85-100, who have the other skills and experiences to make them ideal business graduates.

And why choose to study accounting? Well, consider that accounting is recognised by big business employers as a highly desirable qualification for graduates to hold, and business leaders today increasingly have this sort of background. This is because the role of accountants has changed radically over the last 10 years; they are now the people called on to analyse the factors behind business success and failure, and who can provide the information needed for critical decision-making.

As a Bachelor of Accounting graduate, you will have more potential than virtually any other professional - in terms of long-term employment and salary prospects, rewards and job security, opportunities for travel and working overseas, challenges and job satisfaction.

BAcc Information Webinar: Wed 12 May 2021 6-7pm

Round 1 applications for BAcc 2022 closes on Friday 21 May 2021

For applications/enquiries about the Bachelor of Accounting program:

THE UNIVERSITY OF
SYDNEY

The Professor Harry Messel **International Science School** • July 2021

Deadline extended!
Applications close **14 May**
[sydney.edu.au/science/iss](https://www.sydney.edu.au/science/iss)

Download the [Application Info PDF](#) | Get the [ISS Online poster](#)

From 5-9 July 2021, **120 top science students from across Australia** will gather online for five days of inspiring, enthralling science.

A Packed Program of Science

Our online schedule includes **daily talks by leading scientists**, including:

- **Computational Neuroscience** with **ISS alumna Prof. Adrienne Fairhall**
- **Fine-tuning the Cosmos** with **Prof. Geraint Lewis**
- **The Future of Solar Power** with **Prof. Anita Ho-Bailey**
- Join the **incomparable Karl Kruszelnicki** for **Dr Karl's House Party**

And that's just the start!

- **live-streamed tours of cutting-edge research labs**
- **live Q&A panel with ISS alumni and young researchers**
- **hands-on workshops, "ISS Saves The World"**

Best of all? It's totally free!

WHEN? 5-9 July 2021

WHO? 120 Year 11 and 12 students from all over Australia

WHERE? Online (so you'll need a computer and good internet service)

COST? Totally and completely FREE

Deadline extended!

You really don't want to miss this opportunity.

Get your application in by **midnight Friday 14 May 2021**

Apply at: sydney.edu.au/science/iss

THE UNIVERSITY OF
SYDNEY

UOW Early Admission

UOW Early Admission applications will open online on Monday 19 July, and will close on Friday 13 August. Leading up to, and during this time, we will provide material to help your students apply. Something they may want to start preparing for their applications though is how they will respond (in writing; 500 characters) to the four UOW indicators of success. In the 2021 applications, these will be:

1. *Academic Readiness: What are your study strategies when preparing for an important assessment task?*
2. *Motivation and Passion: What has influenced your decision to pursue your course or courses of interest?*
3. *Communication and Collaboration: Describe a time when you worked with others to achieve a goal.*
4. *Planning and Persistence: Tell us about a time when you set yourself a goal and worked really hard to achieve a good result.*

More information will be added to the Early Admission website - [uow.edu.au/early](https://www.uow.edu.au/early)

UOW Information Evenings

Wagga Wagga Information Evening	June 15. 6pm Mercure Wagga Wagga
Albury Information Evening	June 17. 6pm Atura Albury

UOW Tottenham Hotspur Global Football Program

Apply now to start in February 2022

The UOW Tottenham Hotspur Global Football Program is a unique opportunity to study a qualification of your choice at UOW's Wollongong campus, while also developing your football skills with training provided by fully qualified coaches from English Premier League (EPL) club **Tottenham Hotspur**.

The first of its kind, the program brings together one of the world's best-known football clubs and one of the **world's best modern universities**.

In addition to your academic fees, the cost of the program is \$15,000 per year. As part of the program, you will undertake up to 20 hours of Global Football Program content each week for 36 weeks around your academic timetable, and will have opportunities for selection to compete at a local, national and international level (through the UOW football team).

Download the brochure now. Find out how to apply.

<https://www.uow.edu.au/globalfootball/>

	<p>Applications are open! The University of Wollongong has invited your students to LEARNING LABS, an academic enrichment holiday program. We are targeting students from Year 7 to 10 during 2020, who are passionate, self-motivated and curious learners. We welcome any students who are interested in our workshop subject areas and want to explore the topics further.</p> <p>Wollongong Campus Dates: 30th June – 2nd July 2021</p> <p>Applications close: Wednesday, 26th May 2021</p> <p>APPLICATION PROCESS</p> <ul style="list-style-type: none"> • Parents/Guardians/student visit our website and read the full list of workshops available by scrolling to the “<i>Workshop Descriptions</i>” section. • Parents/Guardians/student (or school if parent/guardian is unable to) fill out the online application form. • One piece of supporting documentation for first time applicants is required that demonstrates their ability (see 'Supporting Documentation' section on website). Please note that the Teacher Nomination Letters can be used as a supporting document. • Learning Labs is registered as COVID-Safe and follows the guidelines set out by the NSW Government here. <p>Please know that <u>workshops fill very quickly</u>.</p> <p>We will also have several sponsorship places available for students who identify as Australian Aboriginal/Torres Strait or students experiencing financial difficulty.</p> <p>For further information about workshops and the application process please visit our website, or contact the Learning Labs team via email at learning-labs@uow.edu.au or phone on (02) 4221 5557.</p>
	<p>Marine Biology experience in Tasmania</p> <p>The University of Tasmania was excited to see the annual marine biology experience week for Year 11 and 12s (XAS101) go ahead over the Easter break. 24 students from around Australia dived in to monitor reef fish, intertidal, soft-sediment and zooplankton communities in the hotspot of global ocean warming at Maria Island on Tasmania’s east coast. Express interest for 2022: https://bit.ly/3v6wk7g</p> <p>UTas University of Tasmania - Schools Recommendation Program</p> <p>Get your application in by 18 June to be eligible for a first round offer.</p> <p>The University, together with schools, has introduced a program to help year 11 and 12 students get ahead.</p> <p>You can choose from a range of exciting, diverse courses that will prepare you for a successful career. You can apply for these when you return to study in term two.</p> <p>Rather than an ATAR, your application is based on your school’s recommendation and your year 11 results.</p> <p>Get early access to our 2022 courses</p> <p>Our program allows Australian year 12 students to apply for up to five courses of their choosing at the end of May. You then receive an offer in July, which can take the pressure off you during year 12.</p> <p>This offer is based on your year 11 results and the recommendation from your school. We do this because we recognise and respect your teachers’ insights into your learning, progress and achievements.</p> <p>https://www.utas.edu.au/study/schools-recommendation-program</p>

Western Sydney University - CDMS Webinar Series

The School of Computer, Data & Mathematical Sciences at Western has developed a series of webinars for senior high school students focusing on Information and Communications Technology (ICT), Computer Science, Data Science and Mathematics. To find out more, visit: https://www.westernsydney.edu.au/schools/socdms/events/multiply_your_opportunities?cid=em:CAA-news-CDMS-webinar-page-EGMT_Apr21

Reminder - Western's Mid-Year Information Day

Mid-Year Info Day is on Saturday, 15 May at Parramatta City Campus. Students can explore course options with academics, learn about pathways to university and get application assistance from the Admissions team. Students doing their HSC this year can visit the Year 12 Hub for more information on Western's early offer program HSC True Reward. Register: https://www.westernsydney.edu.au/form/register_your_interest_for_undergraduate_study_at_western

TAFE AND COLLEGE INFORMATION

Bert Evans Apprenticeship Scholarship

Closes soon on Friday 28 May 2021.

The Scholarships are worth \$5,000 each year for up to three years.

Scholarships are available to assist apprentices in NSW who have demonstrated:

- hardship in their personal circumstances
- aptitude for vocational education and training that leads to successful completion of their trade training
- a positive attitude and application in workplace and off-the-job training.

Scholarships are open to NSW registered apprentices in both metropolitan and country areas, including school based apprentices.

There will be a maximum of 100 Scholarships awarded in 2021.

JOB OPPORTUNITIES

A well-established bookkeeping practice in Sutherland.

At Ultimate Business Solutions, we employ locally and offer traineeship opportunities for local students finishing their HSC.

Each year we take on 2 school leavers with strong basic maths skills and a great attitude. While gaining real world experience, the trainees will go through a 2 year course.

- Year 1 - Cert III in Finance or Administration (depending on needs and preference of the student)
- Year 2 - Cert IV in Bookkeeping and Accounting

These traineeships are full time positions, where trainees are offered a secure and stable work environment. Trainees are allocated half a day each week to complete their course in work hours, where they can be supported and assisted where needed. We use accredited RTO's, so they will be officially registered trainees.

Thanks for taking the time to consider this as an opportunity. If you have any queries, please feel free to call me on my mobile [0421 029 003](tel:0421029003).

I hope to hear from you soon.

Kind Regards,

Lucy Milekovic | Director | Ultimate Business Solutions

***Engadine - Taren Point
Kirrawee - Peakhurst***

Expressions of interest for any students who might want to become apprentice mechanics at our Taren Point Workshop.

We are looking for a broad range of skills set from 1st year to 4th-year apprentice mechanics to join our busy workshops due to business growth. We have four workshops across the Sutherland Shire area and St George catchments located just outside the Illawarra and Wollongong region; the successful applicant will be required to work at the Taren Point location.

The benefits include:

- Attractive salary package
- Ongoing Training and Development provided
- Opportunities for career growth and progression
- Working for an employer of choice with a great company culture

To be suitable for this opportunity, you must display the following;

- Have excellent time management skills
- Sorry, at this time, no mature age is being considered
- Hold a current NSW car license
- Must have own car
- Bring a professional approach to your work
- Be enthusiastic & motivated regarding your work
- Display impeccable customer service skills

Email	<u>marketing@utss.com.au</u>	

B Smart Living Caringbah. We are a family owned retail store providing mobility and lifestyle products to the Sutherland Shire and St George regions. We would be very pleased to offer work experience to interested, engaged and enthusiastic Cronulla High School students.

Our retail store offers students training in excellent customer service in a retail setting. In addition we can provide: experience working with our senior and junior technicians who service our mobility scooters,

walkers and assemble our stock; low level inventory and stock management; exposure to, and some training in, a wide range of products for the prevention and treatment of Sports Injury and Rehabilitation, Occupational Therapy, and Aged and Disability Care.

Our staff of 8 comprises a mixed gender workforce, across a wide age range (from 20s to 60s). Most of our staff have current valid Police Checks. The store manager and another member of staff also have current valid Working with Children Checks. Our business is registered Covid Safe.

We are located at Shop 3, 153 Denman Avenue in Caringbah.

Thank you. I hope this opportunity excites you as much as it does us.

Kind regards,

Ann Hooper

Careers Week
17-23 May 2021**

National Careers Week 2021

FREE Webinar Series

The Career Industry Council will be running a **FREE Webinar Series** with international presenters, recognised as experts in the field for which they are presenting.

The series is designed as professional learning for career development practitioners and those who work in the area of career development.

Wednesday 18 May 2021

Victoria, New South Wales, Queensland, Tasmania, ACT – 10:00

South Australia, Northern Territory – 09:30

Western Australia – 08:00

Assessment as Storytelling: Understanding possibilities, taking action, and communicating value

What difference do career services professionals make in clients' lives? How do we contribute to the mission of the institutions and organizations we serve? How do we know? Advocating for and continuously improving the work that we do as career professionals begins with compelling responses to questions like these. But, who has time to answer them well?

This webinar frames assessment as a powerful tool to help career professionals "tell the story" of the impact of their programs, services, and resources in clients' lives. We explore different types of assessment strategies (e.g., needs, participation, satisfaction, outcomes) that can inform the development and enhancement of career development programs.

We then discuss ways to make assessment activities both meaningful and manageable, as we connect them to day-to-day activities of our offices. Examples of completed assessment projects – shared from design, to findings, to use of results – provide illustrations and resources that can be translated into your own work settings.

Presenter - Julia Panke Makela, Associate Director for Assessment and Research @The Career Center at the University of Illinois Urbana-Champaign

2021 Apprenticeship & Traineeship Expos

Our extremely successful face to face Apprenticeship & Traineeship Expos are back, providing opportunities for students and job seekers you won't receive anywhere else.

Not to be missed.

Bring copies of your resume and get in first.

****Free entry****

About the Expos

Our annual Apprenticeship & Traineeship Expos attract over 16000 visitors combined and are widely accepted as the premier expos of their kind in NSW.

The timing of the expos are a hit with families as it allows parents to attend with their children and have those all-important career chats with industry experts.

The expos kick off the recruitment process. Exhibitors get the chance to collect resumes and promote their organisation for upcoming recruitment drives.

[Click here to view highlights of the Western Sydney Apprenticeship & Traineeship Expo.](#)

With a lot of major infrastructure projects underway there has never been a better time to start your journey on a rewarding career path.

This is the perfect chance to meet experts representing industry, businesses, group training companies, registered training organisations and many more and apply for apprenticeships, traineeships, jobs and further education pathways.

Exciting News!

With the infrastructure boom we are experiencing, the future need for apprentices, trainees and skilled workers has never before been in such high demand.

Following on from the success year after year of our expos, we continue to take the model to other parts of our great state and provide our career/job seekers, business and industry, education providers and employers with the opportunity to come together under the one roof and begin the journey of making the plans for our states growth a reality.

We are excited to announce that this year we have added the Illawarra expo.

Whether you are at school and looking for a career path, a parent hoping to give your child the best opportunities in life, a teacher that wants to see their students start off on the right foot or a job-seeker looking to commence a rewarding career, the 2021 Apprenticeship and Traineeship Expos have all the answers you need.

Tuesday 31 August 2021 - 3pm to 8pm

Mingara Recreation Club, 12/14 Mingara Dr, Tumby Umbi NSW

Western Sydney Apprenticeship & Traineeship Expo

Tuesday 7 September 2021 – 3pm to 8pm

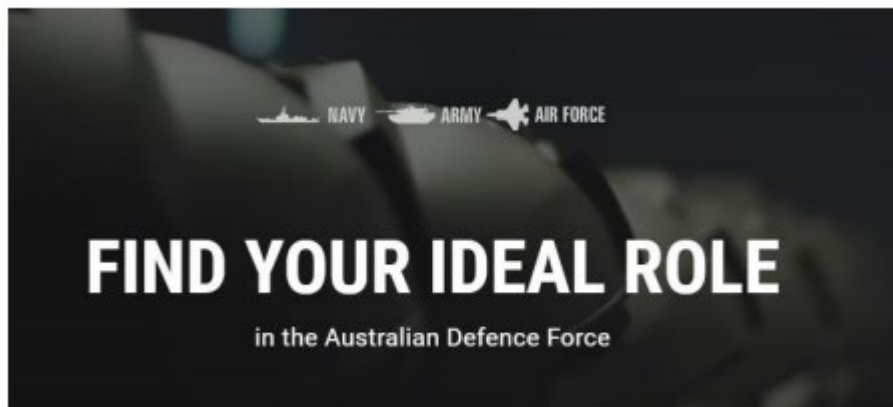

Penrith Valley Regional Sports Centre, 30 Herbert St, Cambridge Park NSW

COVID-19

2020 was a long road with COVID-19 restrictions in place and everyone affected in some way.

The 2021 Apprenticeship & Traineeship Expos may look a little different and will ultimately depend on the social distancing measures and restrictions that are in place at the time, if any, and we'll be working with the relevant authorities to ensure we can present our expos that ticks their boxes while delivering on the successful outcomes our expos are known for.

All mandatory precautions will be in place ensuring COVID compliance.

The Australian Defence Force (ADF) GAP Year applications are now open. Make good use of a gap year and consider joining the Australian Defence Force. Get an exciting 12-month taste of life in the Navy, Army or Air Force, full job training, meaningful work, memorable experiences and more. There are also many information sessions running, so take a look at <https://www.facebook.com/DefenceJobsAustralia/events>

Brent Street Winter Dance Camp – Act, Sing, Dance

5th – 9th July 2021

BRACE YOURSELF – A WINTER STORM IS COMING!

These winter holidays, join us in 25 incredible classes with the country's best choreographers and teachers across 5 massive days.

Each day starts at 9:30 am, with five 1-hour classes with an industry-leading dance teacher/choreographer.

Students are divided into age groups, subject to numbers. The day concludes at 3:30 pm.

On the final day, participation certificates are awarded on the final day of the workshop, plus the chance to win a scholarship to the 2021 Spring Intensive.

Please note, this program is suitable for 7 – 18-year-old students of intermediate to advanced level.

<https://brentstreet.com.au/workshop/winter-camp-2021/>

NSW Fire & Rescue Open Day 2021 will be moving online and running for a whole week!

Come behind the scenes of Australia's busiest fire and rescue service at our Open Day on Saturday, 15 May 2021.

From fires, chemical spills, car crashes, natural disasters and humanitarian relief across the state, the country and even overseas - our firefighters are prepared for anything!

Open Day is your chance to meet a firefighter, see our trucks in action, check out our equipment and find out more about what we do. We'll be on scene to answer your questions, show you around and help you prepare your home for a safe winter. We can't wait to see you and show you what we have been up to.

Check out what we have planned below:

Online Open Day

Thursday, 13 and Friday, 14 May 2021

Online Open Days will provide you with a unique insight into what it is like to be a firefighter. Jump online to be taken on a tour of some of our stations, and find out what it is like to be a firefighter. Follow us on www.facebook.com/frnsw to be part of the action.

Station Open Day

Saturday, 15 May 2021. 10am - 2pm

This year, we will be holding our Open Day at key location hubs and participating fire stations throughout the state.

View the map below to find your nearest participating fire station or key location hub that will be open on Open Day. This list will continue to be regularly updated so please recheck closer to the date.

<https://www.fire.nsw.gov.au/page.php?id=619>

Taronga Zoo Podcast Talks

The deep connections our staff develop with wildlife and the natural world affects the lives of others, near and far. From Sydney to Dubbo, Taronga's people all have amazing untold Zoo stories that will touch your heart and open your eyes.

Hayden Turner invites you to listen in each week and join our family with 'Taronga Talks'.

Reminder - 2021 Sleek Geeks Science Eureka Prize

Closes soon – 28 May

Produce a film based on the **2021 theme, 'big'**.

Films must be **2 minutes** in duration and no longer.

The University of Sydney Sleek Geeks Science Eureka Prize is offered to primary and high school students nationally. If you have a passion for science and for communicating ideas, then enter this competition by telling a scientific story via a short video piece. We're looking for the next generation of amazing science communicators, such as [Dr Karl](#) and [Adam Spencer](#).

Judges will make their selection based on the assessment criteria. [Learn about the 2021 assessment criteria](#).

Films must focus on a scientific concept, discovery, invention or your own scientific hypothesis - anything goes, but keep the science in the story, and keep the science real!

Entrants are able to commence working on their films. The online entry system will open on Wednesday 24 March.

Please email eureka@australian.museum with any questions.

For more information about the University of Sydney Sleek Geeks Science Eureka Prize, including entry conditions and tips and tricks from past winners, please visit the [Australian Museum](#) website.

National Youth Science Forum

Apply by 2 July, 2021

Inspiring Australia's young scientists.

Applications are now open for the 2022 Year 12 Program.

In 2022, the NYSF will deliver a 12-day program from 10-25 January via a combination of in-person and digital STEM experiences. 2022 participants will experience everything the NYSF is famous for, including keynote speakers, lectures, hands-on workshops, debates, expos and enriching social activities. In-person STEM visit days and events will be held over a week of the program at major city hubs across the country, enabling students to meet each other and network with like-minded peers. A continuous program of digital events will run alongside the in-person events meaning the program is accessible to all. This option also means the NYSF experience is still accessible and stimulating should there be a COVID-19 hotspot emerge or lockdown called at a hub location.

AIQS Yr12 Scholarships - Up to \$5000

Applications for 2021 are now open!

Applications close Sunday, 31 October 2021.

AIQS offers a number of scholarships each year for Year 12 students who qualify for entry into a Quantity Surveying, Construction Economics, Construction Management (Economics) or other appropriate course at an AIQS accredited university in Australia.

Of the scholarships offered, at least one Equity Scholarship will be awarded to a student experiencing educational disadvantages.

We offer a limited number of scholarships for year 12 students who qualify for entry into an AIQS accredited course in Australia.

The value of the scholarship is AU\$5,000 and includes:

- AU\$4,000 (\$1,000 upon enrollment, \$1,000 after completion of eight units, \$2,000 upon completion of degree. This is paid as cash into your bank account.
- Text books and manuals (published by AIQS) including the Australian and New Zealand Standard Method of Measurement
- AIQS Student membership whilst studying the accredited degree
- AIQS Graduate membership for one year (post graduation).

For further information on the requirements for scholarships, please refer to the AIQS Scholarships Criteria and Conditions.

If you would like to apply for a scholarship, complete the essay as detailed in the above Criteria and Conditions then submit the Student Application Form to education@aiqs.com.au.

<https://www.aiqs.com.au/scholarships-students>

Temora Aviation Museum Aircraft Showcase

12 June 2021. 10am to 4pm

The Temora Aviation Museum's June Aircraft Showcase event on Saturday 12th June 2021 will feature all serviceable aircraft from Temora in the RAAF Heritage collection. Some visiting aircraft may also attend.

At Temora you can get closer to the action as you witness a themed selection of Australia's ex-military flying history come alive.

Aircraft Showcase promises to deliver a full day of entertainment for all generations, including:

- Flying displays demonstrating the aircraft's capabilities
- Informative commentary and music
- Guided tour of static exhibitions
- Interviews with pilots and veterans
- Children's activities and playground
- Engineering workshop tour
- Pilot meet and greet

<https://aviationmuseum.com.au/event/june-showcase/>

National Youth Concerto Competition

Closes 30 June 2021

Winner: \$3,000

Other Finalists: \$1,200

The 2021 National Youth Concerto Competition (NYCC) Finals Week is Saturday 2 to Sunday 10 October. The NYCC is recognised as the most prestigious competition in Australia for string soloists aged up to 18 years. It was established by Queensland Youth Orchestras in 1976 to encourage the development of young Australian string players.

For the first round of the competition, each applicant records and submits audio files of audition works to be judged by a panel of professional musicians. Up to three finalists and four recitalists are then invited to Brisbane to take part in the NYCC Finals Week from 2 to 10 October 2021.

The finalists compete for the first prize with their chosen concerto (preferably performed from memory) in the public NYCC Finals Concert titled 'String Sensations'. This concert takes place at the Old Museum Concert Hall, Brisbane on Sunday 10 October 2021 where finalists perform their concerto with the Queensland Youth Symphony (QYS).

<https://www.qyo.org.au/2021/jcnycc>

National History Challenge

Closes 27 August

The theme for 2021 – 'Significance – History Matters'

The National History Challenge is a research-based competition for students. It gives students a chance to be an historian, researching world history, examining Australia's past, investigating their community or exploring their

own roots. It emphasises and rewards quality research, the use of community resources and effective presentation. [More information](#)

<http://www.historychallenge.org.au/>

Studying at Home – How to avoid procrastination

In any other circumstances, switching to the non-traditional study route of online study might be exhilarating. It's a fantastic experience – one that helps you develop many crucial soft skills – but it also comes with its unique challenges. And at a time when we're bombarded with so many other hardships, the prospect of being in charge of your own learning becomes more intimidating than exciting.

<https://this.deakin.edu.au/study/studying-at-home-how-you-can-avoid-procrastination>

What you can do with a Physics Degree

If you're thinking about enrolling in a Bachelor of Science, there are loads of reasons why majoring in physics is a good idea. And despite the maths-meets-science elective often overlooked for those with clearer post-grad pathways, there are loads of industries crying out for a physics major's advanced maths, analytics, problem-solving and computational skills.

"Physics gives us a language and a framework to describe the world around us," stresses Jennifer MacLeod, Head of QUT's School of Chemistry and Physics. "Through physics, we can understand why things are the way they are, and we can make informed predictions about the future."

Transport for NSW

The Road/Electrical Designer and Traffic Engineering Officer in Training Programs are offered by Transport for NSW in conjunction with Western Sydney University, The College. These programs are available to people looking for a career in designing and developing roads, while at the same time studying towards a Civil/Electrical Engineering degree. Trainees will be working on challenging road and infrastructure projects in NSW. Starting salary will be approximately \$54,000.00 and it will go up to \$63,000.00 by the end of their four-year program. Full time paid job, on the job training and nationally accredited qualification are on offer to motivated individuals who are proficient in Physics, Mathematics and Engineering Studies. Please contact RDITCoordinator@transport.nsw.gov.au for more details.

New Zealand is open for gap years

With the commencement of the Trans-Tasman bubble, gap years are now possible for school leavers interested in a boarding school placement in New Zealand. This week a group of gap year enthusiasts will be travelling with Letz Live for their three-day induction before transiting to their placements. Applications for July 2021 and January 2022 are open. To apply visit:

<https://www.letzlive.org/programmes/paid-gap-year-in-new-zealand/>

Tax File Numbers

Any student will need a tax file number if he/she starts work (part-time and full-time) and all students planning on a tertiary education require one when they start. Importantly, current Year 12 students are reminded that they will be requested to provide their Tax File Number (TFN) on enrolment to TAFE or university next year, so it is worthwhile getting an application submitted early! Students must now apply for a TFN online and have their identity verified through an interview at a participating Australia Post office. To apply and also to find out about participating Post Offices, visit [Apply for a TFN](#) -----

CAREERS ADVISORY SERVICE

This website provides access to the Careers Advisory Service, an annual department initiative to enable students and their parents or caregivers to phone, email or webchat at the beginning of the summer vacation with a highly experienced school careers adviser. This service is provided shortly after the release of the Higher School Certificate (HSC) results by the NSW Education Standards Authority (NESA) and the Australian Tertiary Admission Rank (ATAR) by the Universities Admissions Centre (UAC).

The service complements the range of career support provided by schools during the year. The service particularly supports students whose results are higher or lower than they expected. The Careers Advisory Service is professional, friendly and impartial.

School Leavers Information Kit

Leaving school and thinking about your next step? The School Leavers Information Kit, Your Career: What's next for you? has all the resources and information you need to help you explore all your education, training and work options in 2021.

<https://www.yourcareer.gov.au/school-leavers-support/>

The Australian Government's Enhanced Support for School Leavers (ESSL) measure, including [the School Leavers Information Kit, Your Career: What's Next for You?](#) (the SLIK) and the School Leavers Information Service (the Service) is continuing into 2021.

Thank you for support of this measure through the distribution of postcards, brochures to your students in October 2020 as sent to you by the National Careers Institute.

Our department is pleased to advise that the NCI has released an updated version of the SLIK on the [Your Career website](#) and to help your students with careers conversations at home, it has also released the [Parents and Guardians Guide for School Leavers. What's next for your child?](#)
